

NGA LE

(Lê Thị Nga)

Date of birth: Sep 17, 1994
Gender: Female
Phone: 035.917.6533
Email: ngaitdhsp@gmail.com
Address: Hue, Vietnam
Website: ngale.tech

EDUCATION

2012 - 2016 **Hue Pedagogy University**
Major: Information Technology

WORK EXPERIENCE

Apr 2023 - Present **VMGE - Vietnam Mobile Gaming Entertainment**
Backend Engineer
With .NET:

- Developed web applications using .NET 5, specializing in the Payment domain.
- Designed and implemented RESTful APIs using ASP.NET Core Web API, integrating JWT (JSON Web Tokens) for secure authentication and authorization.
- Applied performance optimization techniques for .NET applications, including caching, lazy loading, and optimizing database queries to enhance efficiency and reduce latency.
- Worked with SQL Server as the Database Management System (DBMS), ensuring data integrity and optimized query performance.
- Using Git for management source.

With PHP:

- Developing web with the Symfony framework or Wordpress cms.
- Creating bot telegram.
- Working with frontend and operating teams to develop and release modules timely.
- Integrating & developing tools for monitoring and optimizing web performance.
- Symfony Framework: MVC / Web API.
- Working with DBMS: MySQL.
- CMS: Wordpress
- Using Git and CI/CD for management and deployment source.
- Managing nginx server & deploying web applications on Linux.
- Using Docker as a development environment.

With different language/technology/software:

- Nextjs, Wordpress, Ajax, Json, Javascript, jQuery, HTML, CSS, Reponsive Design, Bootstraps.

Aug 2021 - Mar 2023

MGI SOLUTIONS

Fullstack Engineer

With .NET:

- Developed Web Applications using .NET 5 for various domains including Education, Images Library, News Management.
- Designed and implemented RESTful APIs using ASP.NET Core Web API, utilizing JWT (JSON Web Tokens) for secure authentication and authorization.
- Applied performance optimization techniques for .NET applications, such as caching, lazy loading, and optimizing database queries.
- Worked with SQL Server as the Database Management System (DBMS).
- Utilized Azure and Azure CI/CD for efficient management and deployment of source code.

With PHP:

- Joining various projects with different domain knowledge such as e-commerce, education courses, photo management, real estate management...
- Ensuring functions to work well in multiple devices: desktop, mobile... with different screen sizes.
- Developing and maintaining functions & plugins using PHP core and CMS wordpress.
- Connecting APIs from third parties and configuring to match with requirements.
- Studying the Google Lighthouse reports and improving the performance of Web apps.
- Cooperating with BA & tester teams to find best solutions for development & bug fixing.
- Supporting and mentoring the newcomers.
- Working with DBMS: MySQL.
- Using Git for management source.
- Managing nginx server & deploying web applications on Linux.

With different language/technology/software:

- Vuejs, Svelte, Wordpress, Ajax, Json, Javascript, jQuery, HTML, CSS, Reponsive Design, Bootstraps.

Apr 2020 - Jul 2021

GSS

Fullstack Engineer

With .NET:

- Developed web applications using .NET Core, focusing on the Payment domain.
- Designed and implemented RESTful APIs using ASP.NET Core Web API, utilizing JWT (JSON Web Tokens) for authentication and authorization.
- Applied performance optimization techniques for .NET applications, including caching, lazy loading, and optimizing database queries.
- Worked with SQL Server as the database management system (DBMS).
- Using Git for management source.

With PHP:

- Using PHP Framework: MVC / Web API.
 - Working with DBMS: MySQL.
 - Using Git and CI/CD for management and deployment source.
 - Managing nginx server & deploying web applications on Linux.
 - Being promoted to be the manager of PHP team of 4 people.
 - Mentor for PHP team at company.
- With different language/technology/software:
- Wordpress, Ajax, Json, Javascript, jQuery, HTML, CSS, Responsive Design, Bootstraps;
-

Sep 2018 - Apr 2020

GOSU

PHP Backend Engineer

- Developing web events with PHP framework(Codeigniter/Symfony/Phalcon).
 - Working with frontend and operating teams to develop websites.
 - Integrating & developing monitoring tools for tracking and optimizing web application performance.
 - Using PHP Framework: MVC / Web API.
 - Working with DBMS: MySQL.
 - Using Git for management source.
 - Managing nginx server & deploying web applications on Linux.
 - Mentoring and supporting the newly joined developers.
-

Jul 2017 - Sep 2018

HITEC

PHP Backend Engineer

- Developing web events with Codeigniter framework.
 - Using Codeigniter Framework: MVC / Web API.
 - Working with DBMS: MySQL.
 - Using SVN/GIT for management source
 - Managing nginx server, deploying web applications on Linux.
 - Web publishing tool: OCS(Open conference systems), OJS(Open journal systems).
-

Oct 2016 - Jun 2017

HAHALOLO

PHP Backend Engineer

- Developing web events with CakePHP framework.
 - Using CakePHP Framework: MVC / Web API.
 - Working with DBMS: MySQL.
 - Using SVN/GIT for management source
-

July 2016 - Sep 2016

BRYCENT VIET NAM

Internships

- Join various projects to learn and improve skills/knowledge
 - Write test cases to support the testing stages
 - Language/Technology/Software: Php(Cakephp), Ajax, Json, Jquery, Css, Html.
-

Feb 2016 - March 2016

Nguyen Sinh Cung High scholl

Internships

Teacher

May 2015 - Aug 2015

HUE CIT

Internships

- Join computer network maintenance .
 - Install VPN equal Ubuntu.
-

ACTIVITIES

Feb 2015 - Feb 2016

HUEITC club

Member

- Join programs organized by Microsoft.
 - Join many club activities.
-

CERTIFICATIONS

2015

C English Certificate.

SKILLS

Language

English

Programming languages & Frameworks & Platforms

PHP(Symfony, Codeigniter, Cakephp, Phalcon), .NET, Javascript, Vuejs, Svelte, Ajax/Json/jQuery, HTML, CSS, Reponsive Design, Bootstraps, RestfulAPI, Firebase.

Database

MySQL, SQL server

Version control system

Git, Svn.

Web publishing tool & CMS

OCS(Open conference systems), OJS(Open journal systems), Wordpress.

Office

Word, Excel, Powerpoint
